### FLORIDA LOTTERY Winning Numbers History 05-DEC-2018 Page 1

While for a beta distribution with equal shape parameters  $\hat{\mu} = \hat{\sigma}^2$ , it follows that skewness = 0 and mode = mean = median = 1/2, the geometric mean is less than 1/2:  $0 < G_X < 1/2$ . The reason for this is that the logarithmic transformation strongly weights the values of X close to zero, as  $\ln(X)$  strongly tends towards negative infinity as X approaches zero, while  $\ln(X)$  flattens towards zero as X approaches 1.

### Beta distribution - Wikipedia
