LOEX Annual Conference - Breakout Sessions

The Global Positioning System (GPS), originally Navstar GPS, is a satellite-based radionavigation system owned by the United States government and operated by the United States Air Force. It is a global navigation satellite system that provides geolocation and time information to a GPS receiver anywhere on or near the Earth where there is an unobstructed line of sight to four or more GPS ...

Global Positioning System - Wikipedia

American literature is literature written or produced in the United States and its preceding colonies (for specific discussions of poetry and theater, see Poetry of the United States and Theater in the United States). Before the founding of the United States, the British colonies on the eastern coast of the present-day United States were heavily influenced by English literature.

(Printer-friendly PDF version | 853 KB) FOREWORD. Disability law is an area of law that overlaps with many other areas of law – including employment law, administrative law, elder law, consumer law, construction law, insurance law, school law, health law, social security law, and civil rights law.

The ADA National Network Disability Law Handbook | ADA

This online guide is an update from a print publication issued in 1993. As a web resource, however, it becomes a living document that can be modified and updated as emerging practices become best practices,

and as these practices fold into an ever-widening circle of gatherings, like weddings, family reunions, and more.
