Equity – it is an idea that is easy to conceptualize but hard to measure and even more difficult to achieve. It is a logical extension of one of our founding American beliefs: if all people are created equal, they should all have equal access to opportunities that enable them to attain their full potential.

### **State of Equity in Metro Boston - Regional Indicators**

The purpose of this report is to analyze how states interpret special education regulations associated with the Individuals with Disabilities (IDEA) regulations, specifically around least restrictive environment (LRE), the continuum of alternative placements, and placement for students with disabilities.

Education in the United States is provided by public, private and home schools.. State governments set overall educational standards, often mandate standardized tests for Kâ€™12 public school systems and supervise, usually through a board of regents, state colleges, and universities. Funding comes from the state, local, and federal government. Private schools are generally free to determine ...
