AP Physics B (discontinued) AP Physics B “discontinued in 2014” was supposed to be equivalent to an introductory algebra-based college course in physics, with a laboratory component. The course was non-calculus-based, utilizing algebra and basic trigonometry to solve various physics problems. AP Physics B was divided into five different sections: Newtonian Mechanics, Fluid Mechanics and ...

Fusion power is a theoretical form of power generation in which energy will be generated by using nuclear fusion reactions to produce heat for electricity generation. In a fusion process, two lighter atomic nuclei combine to form a heavier nucleus, and at the same time, they release energy. This is the same process that powers stars like our Sun. Devices designed to harness this energy are ...

Rutgers Physics News The 2018 Clarivate Analytics (formerly Thomson Reuters) list of highly-cited researchers was just released and we are delighted that, once again, two of our colleagues, Sang-Wook Cheong and Saurabh Jha, are included among this group. This distinction places them among the top 1% most cited for their subject field and year of publication, earning them the mark of exceptional ...
