Advances in Polymer Technology will remain a Wiley title but will be published and hosted by Hindawi, and

will benefit from Hindawi's experience and expertise in publishing open access titles. Advances in Polymer Technology will continue to undergo a rigorous peer review process ensuring that quality remains high. Manuscripts submitted on or after 13 August 2018 and accepted for publication will be published as open access articles, immediately free to read, download and share.

### **Advances in Polymer Technology - Wiley Online Library**

Recent advances in polymer research has led to the generation of high quality materials for various applications in day to day life. The synthesis of new functional monomers has shown strong potential in generating novel polymer materials, with improved properties.
