### **Future of Cryptocurrency - The Economist**

much wealth and money can blight our lives, and even be a sin. This idea comes up regularly in the history of money. Today, and for the future, we need to ask: what part should money play in our lives and in our world society? CHAPTER 2 Ancient Greece and Rome After 600 BC, gold and silver coins spread through the city states of Greece, stamped

### **THE HISTORY OF MONEY From Its Origins to Our Time**

The Future of Money What we're most likely to see is the continued growth of electronic transactions for which people will be less willing to pay fees. We will be looking for and inventing newer, lower cost ways to transact with money electronically as we've seen with the rise of services like PayPal and Square.
