Politics (from Greek:  $\text{πολιτική}$ , translit. Politiká, meaning "affairs of the cities") is the process of making decisions that apply to members of a group. It refers to achieving and exercising positions of governance—organized control over a human community, particularly a state. The academic study focusing on just politics, which is therefore more targeted than all Political science ...

History of art and social and political change. According to Groys, "Art has its own power in the world, and is as much a force in the power play of global politics today as it once was in the arena of cold war politics."Pertaining to such politically-intractable phenomena as the Modern conflicts in the Middle East, however, some artists and social critics believe that "art is useless as a ...
