Love is a place & through this place of love move (with brightness of peace) all places Yes is a world & in this world of yes live (skilfully curled) all worlds -- e. e. cummings

Worlds Within Worlds

In other words, boundless space is the infinite totality of worlds within worlds. In addition to the theory of empty space, there are many other scientific theories today which illustrate that the only alternative to the idea of superphysical levels of reality is to take refuge in hollow abstractions and illogical absurdities.
